

Dear Father Christmas

Thank you so much for coming to visit me every year. In case you lose your address book, this is where I live:

The three things I would like most this year are:

1. _____
2. _____
3. _____

I will leave you a little something for your trouble. Remember to share it with Rudolph because I know he will be hungry and thirsty too.

Have a safe journey!

I am so excited and happy!

Signed _____
